

## **Benefits of the Marine Phytoplankton in SolarStrips**

**97% of Water on Earth is Salt Water** (containing Minerals and Trace Minerals)!

**Our bodies' intra- and extra-cellular water is similar to sea water!**

The entire known universe and all living things consist of all the elementary building blocks. Our **blood evolved containing all of the elements!** If our **blood becomes deficient** in all or even some of these elements through e.g. a poor diet, fruit and veggies depleted of minerals, bad health habits, contact with toxins, preservatives or radiation, **sooner or later our health must suffer!**

If someone develops some sort of chronic disease or starts with premature ageing, he or she **is definitely MINERAL DEFICIENT!**

TODAY nearly everybody is **chronically deficient in all essential minerals and trace minerals!**

**Marine phytoplankton contains** essential amino acids, trace minerals, vitamins, omega fatty acids, antioxidants, phospholipids and even fiber.

The nutrients are essential for cellular health and creating internal balance.

For 3 billion years, **Marine Phytoplankton** has **supported all living creatures** in our oceans! A blue whale lives only of Marine Phytoplankton and krill! The unique combination of **life sustaining nutrients** are e.g. **Polysaccharides, Omega-3 and Omega-6 fatty acids (EPA, DHA, GLA); all minerals and rare trace minerals of the periodic table** and chlorophyll, amino acids, carbohydrates and vitamins.

Marine Phytoplankton contains EPA and DHA fatty acids in its most natural

and **100% bioavailable phospholipids** form. Phospholipids are needed to transport the essential nutrients to all cells.

**Fatty acids are used from the body to replace old and damaged cell membranes and to build new healthy cell membranes. Fatty acids are needed for cell-communication in the whole body.** Marine Phytoplankton is superior to fish oil as fish oil is often hard to digest and contains mostly triglycerides and not the phospholipid form. - MP contains every nutritional molecule **known in the historical database we need!**

The use of MP is a breakthrough for 100% bioavailable micro and nano nutrition! This is an **entirely new dimension for HUMAN HEALTH today!**

**MP is the only source on earth that contains the ENTIRE NUTRITIONAL PROFILE our body needs! MP works like stem cells,** which trigger the body to create millions of healthy new cells! - MP has the Longevity (S.O.D. Super Oxide Dismutase) and Anti- Ageing Factor! **Absorption sublingually is revolutionary!** MP holds the **POWER to change your life and health, forever!** MP can convert sunlight, seawater and Co2 into the basic FUEL and can be **used by the body IMMEDIATELY,** at a cellular level! - MP is **8.000 times** more powerful than all of other Superfoods like krill-oil, resveratrol from red wine, chlorella, spirulina, acai-berries, chia-seeds etc. together!

**Each SolarStrip contains 37.5mg of Alpha-3 – open cell - Concentrated Marine Phytoplankton.**

They are not a miracle cure for any disease, but this whole food provides the body with an incredible array of synergistic nutrients that can fuel our cells, which are enzymatic pathways to our vital organs.

Because humans do not have the digestive enzyme needed to break down the silica shell in marine phytoplankton, Tom Harper developed a patented process to remove the shell from the phytoplankton so that we can digest and absorb this amazing whole food.

Tom's patented process occurs before the phytoplankton is sent to a pharmaceutical grade lab for processing and certification.

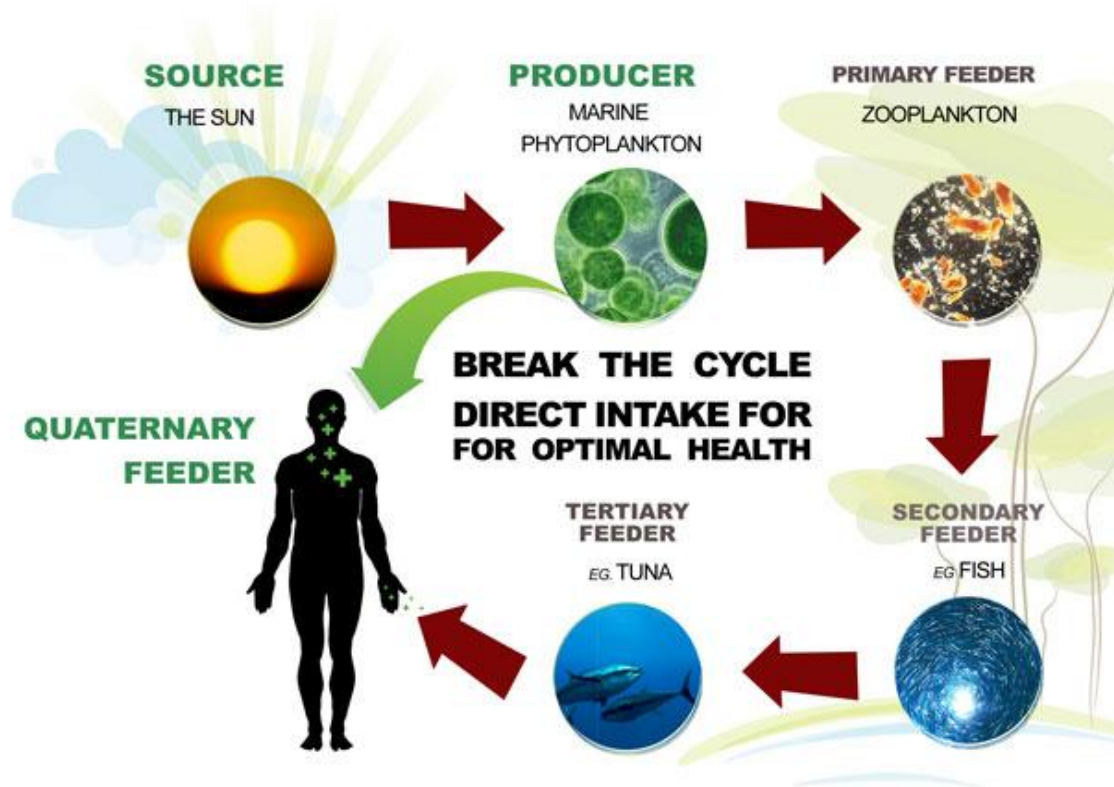

Before the process is complete, the phytoplankton are tested for microbial contamination, radioactivity and heavy metals,

**Place SolarStrips on tongue**

**1-2 times per day for:**

- Immediate delivery to the cells and vital organs
  - Instant availability to the vascular system
  - Avoidance of any digestive issues that could hinder absorption
  - A fantastic way to give your body the boost it needs
- 
- Supports cardiovascular health & healthy cholesterol levels

- Promotes healthy skin
- Helps support healthy joints
- Supports visual acuity
- Supports energy, focus & healthy glucose levels
- Helps support a healthy immune system
